Message from the Guest Editors

In this volume we present case studies from islands around the world, each exploring how indigenous peoples survived and even thrived on islands over the *long duree*. Our case studies often counter models of “impact” and “collapse” that have become common in the scientific literature and popular media. They also explore and highlight the resilience of many island cultures and ecosystems, even in the face of the accelerating global changes associated with the Anthropocene.

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
