Message from the Guest Editor

We invite researchers to submit original papers that include conceptual, empirical, analytical, or design-oriented approaches: Topics of interest include, but are not limited to:

- Design theory
- Value generation
- Target Value delivery
- Integrated Project Delivery
- Links between Lean and BIM in design; how they complement each other at detailed activity levels
- Collaboration, co-creation and early involvement of stakeholders in digitally enabled projects
- Design management tools and techniques, such as Choosing by Advantages, Set Based Design between others
- Requirements capture and management
- Visual Management applications in digital design and production
- Design creativity
- Improved levels of automation in design – code checking, standardised products, platforms, mass customisation
- Other technological developments e.g. robotics, 3D printing, Artificial Intelligence – and how they affect design

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
