### Message from the Guest Editor

We invite researchers to submit original papers that include conceptual, empirical, analytical, or design-oriented approaches: Topics of interest include, but are not limited to:

- Design theory
- Value generation
- Target Value delivery
- Integrated Project Delivery
- Links between Lean and BIM in design; how they complement each other at detailed activity levels
- Collaboration, co-creation and early involvement of stakeholders in digitally enabled projects
- Design management tools and techniques, such as Choosing by Advantages, Set Based Design between others
- Requirements capture and management
- Visual Management applications in digital design and production
- Design creativity
- Improved levels of automation in design – code checking, standardised products, platforms, mass customisation
- Other technological developments e.g. robotics, 3D printing, Artificial Intelligence – and how they affect design

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

## Author Benefits

**Open Access:** free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

**High Visibility:** indexed within [Scopus](#), [SCIE](#) and [SSCI \(Web of Science\)](#), [GEOBASE](#), [GeoRef](#), [Inspec](#), [RePEc](#), [CAPlus / SciFinder](#), and [other databases](#).

**Journal Rank:** JCR - Q2 (Environmental Studies) / CiteScore - Q1 (Geography, Planning and Development)
