### Message from the Guest Editors

This Special Issue encourages authors to contribute to the current research on the impact of the COVID-19 pandemic on logistics and supply chain management. The supply chain disruptions caused by lockdowns highlighted the need for new strategies and solutions; a large, global transformation also occurred in the shift towards selling directly to customers; and the increased demand for E-commerce motivated the search for contactless, last-mile solutions. New smart technologies facilitated business operations and communications when shortages of staff and movement restrictions began to affect businesses. The impact of the COVID-19 pandemic on logistics and supply chain management is not fully known. Therefore, we encourage authors to contribute to the scientific discussion on the challenges and opportunities associated with the current COVID-19 climate. The scope of the proposed Special Issue includes sustainable, agile and smart solutions in the logistics and supply chains in both pandemic and post pandemic application.

Deadline for manuscript  
submissions:

**30 September 2024**

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

**Journal Rank:** JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
