street, Chios 82100, Greece

Message from the Guest Editors

The Special Issue invites scholars to detail the current methodologies and practices for the SDGs initiatives adopted by firms operating in sectors, particularly outlining the involved complexities. The aim of this Special Issue is to promote innovative and original research on the accounting and reporting methodology and practices for the achievement of SDGs. Relevant papers of theoretical and empirical research on these topics are welcomed.

Keywords

- Business models and social issues
- COVID-19 pandemic, environmental and social accounting
- Management innovation for environmental sustainability
- Resilience theory, SDGs, and reporting
- SDGs and management innovation systems

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
