Message from the Guest Editors

It is with great pleasure that we put forward this Special Issue, “Marine Conservation and Sustainability”, in the context of United Nations Sustainable Development Goal 14 about the conservation and sustainable use of the ocean, seas and marine resources.

This Special Issue with an explicit policy focus and covers, but not limited to:

- international, regional and national marine policies;
- institutional arrangements for the management and regulation of marine and coastal activities, including fisheries, aquaculture, coastal management and shipping;
- conflict resolution;
- marine pollution and environment;
- conservation and use of marine resources.

The purpose of the Special Issue is to highlight marine conservation and sustainability which will be fully reflected in a series of anticipated papers.

an Open Access Journal by MDPI

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
