Message from the Guest Editors

This Special Issue of *Sustainability*, entitled “Organizational Behavior and Psychological Research for Sustainability”, focuses on three hierarchical cognitions—know-what, know-how, and know-why—to advance organizational behavior and psychological research for managerial and training topics in industries and academia. Potential research topics/themes may include but are not limited to the following:

1. Human resource training and development for sustainable issues
2. Sustainable development goals and practical strategies
3. Group/ team behavior
4. Psychological well-being
5. Personalities, perceptions, and values
6. Psychological attributes and performance evaluation
7. Diversity in organizations
8. Organizational culture
9. Decision making and measurable outcome/performance
10. Organizational change and competitiveness

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed within [Scopus](#), [SCIE](#) and [SSCI \(Web of Science\)](#), [GEOBASE](#), [GeoRef](#), [Inspec](#), [RePEc](#), [CAPlus / SciFinder](#), and [other databases](#).

Journal Rank: JCR - Q2 (Environmental Studies) / CiteScore - Q1 (Geography, Planning and Development)
