

Sustainable Integrated Planning of Positive Energy Districts

Guest Editors:

Message from the Guest Editors

Dr. Carmel Margaret Lindkvist

Collaborative governance for open innovation:

Prof. Dr. Annemie Wyckmans

Dr. Savis Gohari

Dr. Daniela Baer

Deadline for manuscript
submissions:

closed (15 August 2021)

- Identification of public-private partnerships which enable value creation in complex urban environments
- Actor understanding and meaning of coordination and cooperation in “collaborative governance” structures towards Positive Energy Districts
- Influencing factors that lead to collaborative governance

Temporal impact of knowledge continuation from early planning processes to implementation

- Impact of diverse actors/practices understanding of ideas for PEDs from planning to implementation
- Key stakeholders who ensure knowledge continuation from one phase to the next and the impact of forgotten knowledge
- Types of participation processes and methodologies enabling future users of districts to participate in integrated (energy) planning for PEDs

Participatory processes for engaging diverse stakeholder interests

- Scope for facilitation of a permanent participation processes in urban development on district level
- Motivation and incentives of participation processes – for organizations, society, and individual stakeholders

an Open Access Journal by MDPI

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed within [Scopus](#), [SCIE](#) and [SSCI \(Web of Science\)](#), [GEOBASE](#), [GeoRef](#), [Inspec](#), [RePEc](#), [CAPlus / SciFinder](#), and [other databases](#).

Journal Rank: JCR - Q2 (Environmental Studies) / CiteScore - Q1 (Geography, Planning and Development)
