Message from the Guest Editors

Dear Colleagues,

The 2030 Agenda was approved in 2015, in which a total of 193 UN countries agreed on the main global challenges, assuming responsibility for addressing and ending them, with concrete actions and a shared commitment by all actors. This Agenda resulted in clear goals, the 17 Sustainable Development Goals (SDGs). In the new context derived from COVID-19, social and solidarity economy can play an important role in territorial and economic development, linked to the SDGs.

Social and solidarity economy entities are positioned as privileged actors toward the achievement of the SDGs, with a business model based on the primacy of people, the equitable distribution of profits or the reinvestment of profits. This model has been endorsed by numerous actors, such as the UN Inter-Agency Task Force on the Social and Solidarity Economy, the ICA, the EESC or CIRIEC International.

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
