and Development, Aristotle  
University of Thessaloniki, 54124  
Thessaloniki, Greece

**Assist. Prof. Georgia  
Pozoukidou**

Department of Spatial Planning  
and Development, Aristotle  
University of Thessaloniki,  
Thessaloniki 54124, Greece

Deadline for manuscript  
submissions:

**closed (10 December 2022)**

### Message from the Guest Editors

This Special Issue focus on researches that related but not limited to the following topics:

- Renewable energy sources;
- Integration of energy systems;
- Community-based energy production schemes;
- Site selection and deployment of renewable-energy-source-related developments;
- Strategic environmental and social impact assessment;
- Energy saving and efficiency;
- Energy conversion and management;
- Low carbon emission applications;
- Integrated spatial planning strategies for low carbon towns and regions;
- Urban form, land use planning and energy efficiency;
- Best practices in energy strategy planning and implementation;
- Climate resilient energy solutions;
- Environmental, social, and economic impacts of energy policies;
- Role of planning and planners in energy production;
- Communication, participation, and decision making in renewable energy planning;
- Social dimensions of energy and sustainability;
- Social innovation in energy planning;
- Innovative solutions in renewable energy technologies;
- Sustainable smart energy city;
- Green and blue infrastructure

- Renewable energy sources and marine spatial planning.

## Editor-in-Chief

### Prof. Dr. Marc A. Rosen

Faculty of Engineering and  
Applied Science, University of  
Ontario Institute of Technology,  
Oshawa, ON L1G 0C5, Canada

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

## Author Benefits

**Open Access:** free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

**High Visibility:** indexed within [Scopus](#), [SCIE](#) and [SSCI \(Web of Science\)](#), [GEOBASE](#), [GeoRef](#), [Inspec](#), [AGRIS](#), [RePEc](#), [CAPlus / SciFinder](#), and [other databases](#).

**Journal Rank:** JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
