and Development, Aristotle  
University of Thessaloniki, 54124  
Thessaloniki, Greece

### Dr. Georgia Pozoukidou

Department of Spatial Planning  
and Development, Aristotle  
University of Thessaloniki, 54124  
Thessaloniki, Greece

Deadline for manuscript  
submissions:

**closed (10 December 2022)**

### Message from the Guest Editors

This Special Issue focus on researches that related but not limited to the following topics:

- Renewable energy sources;
- Integration of energy systems;
- Community-based energy production schemes;
- Site selection and deployment of renewable energy-source-related developments;
- Strategic environmental and social impact assessment;
- Energy saving and efficiency;
- Energy conversion and management;
- Low carbon emission applications;
- Integrated spatial planning strategies for low carbon towns and regions;
- Urban form, land use planning and energy efficiency;
- Best practices in energy strategy planning and implementation;
- Climate resilient energy solutions;
- Environmental, social, and economic impacts of energy policies;
- Role of planning and planners in energy production;
- Communication, participation, and decision making in renewable energy planning;
- Social dimensions of energy and sustainability;
- Social innovation in energy planning;
- Innovative solutions in renewable energy technologies;
- Sustainable smart energy city;
- Green and blue infrastructure

- Renewable energy sources and marine spatial planning.

Natural Resources, Ohio State  
University, Columbus, OH 43210,  
USA

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

## Author Benefits

**Open Access:** free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

**High Visibility:** indexed within [Scopus](#), [SCIE](#) and [SSCI \(Web of Science\)](#), [GEOBASE](#), [GeoRef](#), [Inspec](#), [RePEc](#), [CAPlus / SciFinder](#), and [other databases](#).

**Journal Rank:** JCR - Q2 (Environmental Studies) / CiteScore - Q1 (Geography, Planning and Development)
