Message from the Guest Editor

The aim of this Special Issue in the journal *Sustainability* (Impact Factor 2.576) is to bring together a collection of works on the sustainable production of food through agro-ecosystem approaches, with a focus on the issues faced and how these can be overcome.

It is my pleasure to welcome you to submit your research that is aligned to the keywords provided for this Special Issue.

- Agro-ecology
- Carbon capture
- Conservation agriculture
- Ecological intensification
- Ecosystem services
- Food security
- Habitat creation / restoration
- Natural resource management
- Pest regulation
- Pollination
- Resource protection
- Smart irrigation
- Socio-ecological agricultural systems
- Soil erosion
- Soil health and biodiversity
- Sustainable Development Goals (SDGs)
- Sustainable intensification
- Sustainable livelihoods
- Sustainable production
- Water management and protection

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
