submissions:

closed (26 March 2023)

Message from the Guest Editors

Dear Colleagues,

The objectives of this Special Issue are to provide a thorough analysis of the status, potential, challenges, and recent developments of sustainable farm and food business model innovation and to open a discussion for new ideas.

We invite researchers and experts to submit original research and review articles that can describe the state of the art and further stimulate investigations in the field. Manuscripts based on integrated and interdisciplinary approaches, discussing the links between sustainability and digital innovation adoption in farming, as well as between sustainability and business, policy, and institutional adaptation to digitalisation in agriculture are particularly welcome.

Ontario Institute of Technology,
Oshawa, ON L1G 0C5, Canada

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
