### Message from the Guest Editors

The Special Issue titled “Sustainable Food Processing” focuses on reviews, regular research papers, communications, and short notes regarding all aspects of sustainable food processing, from production to food service. Sustainable techniques and processes, sustainable packaging, life cycle of products, food waste valorization, reducing waste (water, solid waste, gases), energy efficiency, renewable energy sources, sustainability of food distribution, and policies and laws regarding sustainable food processing are all examples of topics that may be included in this Special Issue; however, papers on other aspects of sustainable food processing are also welcome.

Deadline for manuscript  
submissions:

**closed (31 December 2022)**
