Prof. Dr. Lotfi Aleya

National Centre for Scientific
Research (CNRS 6249), Université
de Franche-Comté, F-25030
Besançon, France

Message from the Guest Editors

This volume aims to include works and research that address issues regarding the sustainability of the public health system and of the pharmaceutical system (which includes both state and private pharmacies), respectively the health of the environment, possibly with correlations between the three mentioned above. Therefore, this Special Issue focuses on two of the particular sustainable aspects of the "One health" concept, recognizing that the health of people is connected to the health of the environment.

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
