Message from the Guest Editors

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The Special Issue, entitled “Emerging Technologies for Sustainability and Safety”, is calling for emerging technology-enabled research which address relevant SDGs across the following sectors: business, power, transportation, manufacturing, services (education and health), agriculture, and buildings.

Emerging technologies play a pivotal role in revolutionizing sustainability to support the UN’s 2030 Sustainable Development Goals. This Special Issue theme will address the following SDGs:

Society and human needs SDG2 Zero Hunger; SDG3 Good Health and Well Being; SDG4 Quality Education; Sustainable amenities and utilities for the environment SDG7 Affordable and Clean Energy; SDG13 Climate Change via Low Carbon Growth; SDG11 Sustainable Cities and Communities; Sustainable industry SDG9 Industry, Innovation and Infrastructure; SDG12 Responsible Consumption and Production.
