Message from the Guest Editors

Dear Colleagues,

This Special Issue will comprise papers covering a wide range of aspects related to the legacies of the late 20th century urban policies and transformations.

The Special Issue is connected to the conference ‘Grand Projects 2021—Urban Legacies of the late 20th Century’, from which articles will be selected to be submitted as full papers, but also welcomes contributions outside this event.

Evidence-based and theoretical articles addressing the following topics are welcome:

- Mega-events
- Starchitecture and architecture as economic value;
- Terrain vague and brownfield redevelopments;
- Environmental awareness and green policies;
- Urban policies, urban competitiveness, and social challenges;
- Urban art and urban creativity;
- Mega-projects and events in the Global South;
- Methods and technologies on architectural design and urban planning;
- Urban analytics and city design.

an Open Access Journal by MDPI

Editor-in-Chief

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
