**closed (15 May 2023)**

### Message from the Guest Editors

Dear Colleagues,

Cities are important carriers and growth poles of regional economies, and the sustainable development of urbanization and regional economies is one of the main driving forces for the continuous progress of human civilization. The Special Issue will promote theoretical and methodological innovation in urban planning, urban geography, regional economies and regional ecological economies, which is of great significance for achieving sustainable development targets across cities worldwide, regional economies and strengthening the ability of response and mitigation of global climate change and prevention and control of COVID-19.

Research areas may include the following:

- Theory and mode of innovation for urbanization and green and low-carbon eco-city development;
- Regional and urban planning theory and method innovation;
- Green transformation of regional economies, and theories and methods of regional ecological economies;
- Experiences, lessons, modes and policies of green transformation in resource-based cities;
- Big data, information technology and method application in urbanization, urban planning and regional economies development.

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

## Author Benefits

**Open Access:** free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

**High Visibility:** indexed within [Scopus](#), [SCIE](#) and [SSCI \(Web of Science\)](#), [GEOBASE](#), [GeoRef](#), [Inspec](#), [AGRIS](#), [RePEc](#), [CAPlus / SciFinder](#), and [other databases](#).

**Journal Rank:** JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
