Special Issue

Individual Differences in Well-Being: Measures, Predictors, Interventions, and Mechanisms

Message from the Guest Editors

For this Special Issue, we are inviting submissions of high-quality papers that examine measures, predictors, interventions, and mechanisms related to individual differences in well-being. This Special Issue will cover topics including, but not limited to:

Research in identifying the demographic, experiential, cognitive social, health, and personality predictors of individual differences in well-being outcomes; Intervention studies to enhance well-being in different populations, contexts, and cultures;

Replications of studies previously published on individual difference in well-being;

The development or validation of well-being assessments;

mechanisms, and predictors of well-being;

Theoretical conceptualizations of well-being; Studies of processes and mechanisms underlying wellbeing and psychological functioning:

being and psychological functioning;
Cross-cultural comparisons on the antecedents,

The development of new paradigms to study individual differences in well-being.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University, Columbus, OH 43210, USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.
