

## Special Issue

# Empowering Sustainability: The Role of Digital Transformation in Green Business Development

### Message from the Guest Editors

This Special Issue aims to explore the intersection between advanced digital technologies and sustainable business practices. This issue focuses on identifying innovative digital strategies that drive eco-efficient and resilient business models while contributing to broader sustainability goals. The scope encompasses topics including, but not limited to, the integration of digital tools in sustainability measurement, monitoring and reporting, development of green IT infrastructures, smart manufacturing, data analytics for environmental management, and digital policy frameworks supporting green innovation.

# About the Journal

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
