Eco-Initiatives and Eco-Attitudes at Leisure Events

Message from the Guest Editors

Sustainable event management requires all relevant stakeholders' informed participation and strong leadership to ensure broad participation and consensus building. Achieving sustainable event building is a continuous process that requires constant monitoring of impacts, introducing the necessary preventive and/or corrective measures whenever necessary. We welcome contributions focused on:

- Environmental attitudes, knowledge, intentions, and behaviors among leisure events' organizers, attendees, and spectators;
- Free-plastic leisure events;
- Ecolabeling and certification at leisure events;
- Environmental innovation at leisure events;
- Green (sport) events.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University,
Columbus, OH 43210, USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1 (Geography, Planning and Development)
