

Special Issue

Innovation Management and Organizational Networks: Digital Innovation in Circular Economy

Message from the Guest Editors

This Special Issue aims to publish articles on the digitalization of businesses, i.e., how innovation management, digital technologies, and digital innovations and digital business models are currently supporting businesses and what will be their role in the future. This SI highly encourages submissions from diverse fields and areas of practice such as business, sociology, economics, artificial intelligence, IoT, e-marketing, e-commerce and potentially computer science in the context of the circular economy in developed and developing digital economies. There is a dire need to explore this topic in the context of businesses and collection the latest information for the successful implementation of digital programs. This SI will cover theoretical, critical, empirical, comparative and case study research using qualitative, quantitative or mixed methods on the following topics:

- Innovation;
- Innovation management;
- Digital innovation;
- Digital platforms;
- Organizational networks;
- Digital ecosystems;
- Circular economy;
- Digitalization of businesses operations;
- Digital social media;
- Circular economy.

We look forward to receiving your contributions.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University,
Columbus, OH 43210, USA
