Special Issue

Sustainable Traffic and Mobility

Message from the Guest Editors

The world is witnessing an ever-increasing demand for transportation and mobility solutions that are not only efficient and convenient, but also environmentally sustainable. As we move towards a more sustainable future, it becomes imperative to address the challenges posed by transportation-related emissions, congestion, and resource depletion. To explore innovative approaches and advancements in sustainable transportation and mobility, we are pleased to announce a Special Issue focused on this critical topic. The Special Issue on Sustainable Transportation and Mobility aims to bring together cutting-edge research and diverse perspectives from scholars, researchers. and practitioners across the globe. We invite original contributions covering, but not limited to, the following topics: Green and Electric Vehicles

Public Transportation
Active Transportation
Smart and Intelligent Transportation Systems
Urban Planning and Design for Sustainable Mobility
Policy and Governance
Environmental Impact and Life Cycle Analysis
Future Mobility Trends
