

Special Issue

Impact of Food Consumption and Consumer Choices on the Environmental Sustainability

Message from the Guest Editors

In this Special Issue, authors are encouraged to submit papers dealing with the environmental sustainability of the food system. Topics related to sustainable food choices, sustainable food and agricultural production, and policy tools aimed at promoting green and healthy production and consumption are particularly welcome.

keywords

- sustainable food consumption
- sustainable food production
- food policy
- food choice
- pro-environment behavior
- environmental standard

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief
