

Special Issue

Organizational Behavior and Psychological Research for Sustainability

Message from the Guest Editors

This Special Issue of *Sustainability*, entitled “Organizational Behavior and Psychological Research for Sustainability”, focuses on three hierarchical cognitions—know-what, know-how, and know-why—to advance organizational behavior and psychological research for managerial and training topics in industries and academia. Potential research topics/themes may include but are not limited to the following:

- Human resource training and development for sustainable issues
- Sustainable development goals and practical strategies
- Group/ team behavior
- Psychological well-being
- Personalities, perceptions, and values
- Psychological attributes and performance evaluation
- Diversity in organizations
- Organizational culture
- Decision making and measurable outcome/performance
- Organizational change and competitiveness

Guest Editors

Prof. Dr. Shinyi Carol Lin

Prof. Dr. Shu-Hui Chuang

Prof. Dr. Chih-Hung Wang

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada
