Message from the Guest Editors

Dear Colleagues,

The 12th International Conference on Modern Circuit and System Technologies on Electronics and Communications (MOCAST 2023, <http://mocast.physics.auth.gr/>) was held in Athens, Greece, from 28 to 30 June 2023. The MOCAST technical program includes all aspects of circuit and system technologies, from modeling to design, verification, implementation, and application. This Special Issue aims to publish extended versions of top-ranking papers of the conference. The topics of MOCAST include the following:

- Analog/RF and mixed signal circuits;
- Digital circuits and systems design;
- Nonlinear circuits and systems;
- Device and circuit modeling;
- High-performance embedded systems;
- Systems and applications;
- Sensors and systems;
- Artificial intelligence, machine learning, and their applications;
- Emerging technologies and devices;
- Communication systems;
- Network systems;
- Power electronics and management;
- Imagers, MEMS, medical and displays;
- Radiation front ends (nuclear and space application);
- Education in circuits, systems, and communications.

an Open Access Journal by MDPI

Message from the Editor-in-Chief

Technologies, provides a single focus for reporting on developments of all technologies, regardless of their application. It is our intention that *Technologies* becomes the journal of choice for both researchers wanting to publish their work and technologists wishing to exploit the high quality research across a wide range of potential applications. Through its open access policy, its quick publication cycle, *Technologies* will facilitate the rapid uptake and development of the research presented, ultimately providing benefit to the wider society.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within ESCI (Web of Science), Scopus, Inspec, INSPIRE, and other databases.

Journal Rank: JCR - Q1 (Engineering, Multidisciplinary) / CiteScore - Q1 (Computer Science (miscellaneous))
