

IoT-Enabling Technologies and Applications

Guest Editor:

Prof. Dr. Xavier Fernando

Department of Electrical and
Computer Engineering, Ryerson
University, Toronto, ON, Canada

Deadline for manuscript
submissions:

28 February 2025

Message from the Guest Editor

This Special Issue will cover original research and extensive review articles on IoT-enabling technologies and applications, including, but not limited to, the following topics:

- IoT architectures and their applications;
- Challenges and issues in IoT such as security, privacy, and environmental impacts;
- Wireless sensor networks and their applications in IoT systems;
- Integrated Sensing and Communications (ISAC) in IoT systems;
- Challenges in aerial, terrestrial and below earth IoT networks;
- Intelligent Reflecting Surfaces in IoT networks;
- Cloud, Fog and Edge computing in IoT systems;
- Big data analytics and its use in IoT systems;
- Embedded systems and their role in IoT systems;
- Semantic search engines and their use in IoT systems;
- Machine learning and artificial intelligence for IoT applications;
- Smart cities, autonomous vehicles and other user cases of IoT technologies;
- Digital twins and their applications with IoT.

an Open Access Journal by MDPI

Editor-in-Chief

Message from the Editor-in-Chief

Technologies, provides a single focus for reporting on developments of all technologies, regardless of their application. It is our intention that *Technologies* becomes the journal of choice for both researchers wanting to publish their work and technologists wishing to exploit the high quality research across a wide range of potential applications. Through its open access policy, its quick publication cycle, *Technologies* will facilitate the rapid uptake and development of the research presented, ultimately providing benefit to the wider society.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within ESCI (Web of Science), Scopus, Inspec, INSPIRE, and other databases.

Journal Rank: JCR - Q1 (Engineering, Multidisciplinary) / CiteScore - Q1 (Computer Science (miscellaneous))
