## ***Toxics* Young Investigators Contributions Collection in 2023**

Guest Editors:

**Prof. Dr. Andrea Vannini**

**Dr. Ilaria Bernabò**

**Dr. Muhammad Babar Javed**

**Dr. Hamidreza Sharifan**

**Dr. Giovanni Bacci**

Deadline for manuscript  
submissions:

**closed (31 December 2023)**

### **Message from the Guest Editors**

This Special Issue aims to help young scientists in the field of toxic substances to exchange knowledge and increase the visibility of their studies. Through this Special Issue, young researchers are expected to lead the publications derived from their research, either as a first or corresponding author. All accepted papers in the Special Issue will be offered a 20% discount on the article processing charge (APC) to support the work of young scientists.

Young scientists (under 40 years old who have obtained a Ph.D. degree) produce ground-breaking research and have made significant contributions to the advancement of toxicology and toxic-related topics.

Along with their submission, we request that any young authors who are interested in this opportunity send a short biography, including a photograph, their education experience, and current research interests or scientific background. With this new initiative, we hope to strengthen the networking of young scientists, encouraging them to pursue their research careers and assisting them in surmounting the challenges and hurdles they may face on this journey.

## Message from the Editor-in-Chief

*Toxics* (ISSN 2305-6304) is an international, peer-reviewed, open access journal which provides an advanced forum for studies related to all aspects of toxic chemicals and materials. We aim to publish high quality work that furthers our understanding of the exposure, effects, and risks of chemicals and materials in humans and the natural environment as well as approaches to assess and/or manage the toxicological and ecotoxicological risks of chemicals and materials. Please consider publishing in *Toxics* when preparing your next paper.

## Author Benefits

**Open Access:** free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

**High Visibility:** indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [PubMed](#), [PMC](#), [Embase](#), [CAPlus / SciFinder](#), [AGRIS](#), and [other databases](#).

**Journal Rank:** JCR - Q1 (Toxicology) / CiteScore - Q1 (Chemical Health and Safety)
