submissions:

**closed (30 April 2019)**

### Message from the Guest Editors

Dear Colleagues,

After the successful conference organized in Ghent, in 2017, we are going to organize the 2<sup>nd</sup> MYCOKEY International Conference in Wuhan, China, 16–18 September, 2018, entitled “Integrated Solutions for Mycotoxin Management”.

This 2<sup>nd</sup>MYCOKEY International Conference will provide an academic exchange platform for government, researchers and companies, strengthen global knowledge on mycotoxins, extend global cooperation networks and promote the global development of mycotoxin management technology and industry.

The Special Issue is open for all advanced contributions (research papers, as well as review papers) related to the following topics in mycotoxin research:

- Biodiversity and Toxigenic Fungi Monitoring
- Mycotoxin detection technology
- Functional Genomics of Toxigenic Fungi
- Prevention in the field
- Modelling and ICT Solutions
- Health and Toxicology
- Remediation and Intervention
- Food and Feed Processing
- Mycotoxin Management in Asia

## Message from the Editor-in-Chief

Toxinology is an incredibly diverse area of study, ranging from field surveys of environmental toxins to the study of toxin action at the molecular level. The editorial board and staff of *Toxins* are dedicated to providing a timely, peer-reviewed outlet for exciting, innovative primary research articles and concise, informative reviews from investigators in the myriad of disciplines contributing to our knowledge on toxins. We are committed to meeting the needs of the toxin research community by offering useful and timely reviews of all manuscripts submitted. Please consider *Toxins* when submitting your work for publication.

## Author Benefits

**Open Access:** free for readers, with **article processing charges (APC)** paid by authors or their institutions.

**High Visibility:** indexed within **Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Embase, CAPlus / SciFinder, AGRIS, and other databases.**

**Journal Rank:** JCR - Q1 (Toxicology) / CiteScore - Q1 (Toxicology)
