Institute for Transfusion Medicine and Transplant Engineering, Carl-Neuberg-Strasse 1, D-30625 Hannover, Germany

Deadline for manuscript submissions:

closed (31 December 2022)

Message from the Guest Editors

Dear Colleagues,

This Special Issue of *Transplantology* is dedicated to recent advances in the research areas of transplantation and will comprise a diverse selection of exclusive papers written by the Editorial Board Members (EBMs). Both original research articles and comprehensive review papers are welcome.

The papers will be published free of charge, with full open access after peer review.

Dr. Laura Iop

Special Issue

an Open Access Journal by MDPI

Editor-in-Chief

Prof. Dr. Maurizio Salvadori

Department of Transplantation—
Renal Unit, Careggi University
Hospital, 50139 Florence, Italy

Message from the Editor-in-Chief

As a new international and multidisciplinary peer-reviewed open access journal for all areas of clinical and basic science research in transplantation, *Transplantology* publishes original research, reviews, position papers and guideline documents, letters, ‘how to do’ reports, and rapid communications.

We are all familiar with how transplantation is changing the way we treat patients through new discoveries in immunosuppression, medical treatments, surgical approaches, and basic science research. *Transplantology* aims to ensure that knowledge is shared among transplant centers worldwide in a timely fashion and to provide transplant programs with the opportunity for important research work to be published and shared constructively. The journal supports those who wish to communicate, discuss with colleagues globally, and successfully publish their work at the right place and time.

Author Benefits

Open Access: free for readers, with **article processing charges (APC)** paid by authors or their institutions.

High Visibility: indexed within **Scopus**, and **other databases**.

Rapid Publication: manuscripts are peer-reviewed and a first decision is provided to authors approximately 29.2 days after submission; acceptance to publication is undertaken in 4.2 days (median values for papers published in this journal in the second half of 2025).
