Deadline for manuscript
submissions:

31 October 2024

Message from the Guest Editor

Dear Colleagues,

A new era of our knowledge of galaxies and clusters is opening today thanks to the new space/ground telescopes and the large deep surveys. New methods of data analysis are also in progress to manage this large flux of information.

This *Universe* special issue dedicated to "Galaxies and Clusters" aims to collect several research papers connected to such new observations of galaxies and clusters at all redshift as well as to the new invented methods used to reduce and analyze the data.

Dr. Mauro D'Onofrio

Message from the Editor-in-Chief

The multidisciplinary *Universe* journal is aiming to follow and, hopefully, to lead to the largest extent as possible the ever-self renovating threads which weave mathematical theories with our understanding of the magnificent natural world. On behalf of all the distinguished members of the editorial board, I extend my welcome to this new journal and look forward to hearing from the interested contributors and learning about their valuable research.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Astrophysics Data System, INSPIRE, CAPlus / SciFinder, Inspec, and other databases.

Journal Rank: JCR - Q2 (*Astronomy and Astrophysics*) / CiteScore - Q2 (*General Physics and Astronomy*)
