Gravitational Effects on Neutrino Physics

Guest Editors:

Dr. Luciano Petruzziello

Dipartimento di Fisica, Università di Salerno, Via Giovanni Paolo II, 132 I-84084 Fisciano (SA), Italy

Prof. Dr. Gaetano Lambiase

Dipartimento di Fisica "E.R. Caianiello", Università degli Studi di Salerno, Via Giovanni Paolo II, 132 - 84084 Fisciano (SA), Italy

Deadline for manuscript submissions:

closed (31 December 2022)

Message from the Guest Editors

The current Special Issue is devoted to a deeper understanding of the implications of gravity on neutrino physics and phenomenology.

In recent years, the interplay between neutrino physics and gravity has gained an increasing interest and a remarkable visibility. This is attributable to the fact that a similar investigation constitutes a fruitful ground to reveal new physics phenomenology, to question the validity of fundamental principles (i.e. equivalence principle, general covariance etc.) and to explore the uncharted horizons of theoretical physics. These and many other features lie at the heart of the present Special Issue.

Editor-in-Chief

Prof. Dr. Lorenzo Iorio

Ministero dell'Istruzione e del Merito, Viale Unità di Italia 68, 70125 Bari, BA, Italy

Message from the Editor-in-Chief

The multidisciplinary *Universe* journal is aiming to follow and, hopefully, to lead to the largest extent as possible the ever-self renovating threads which weave mathematical theories with our understanding of the magnificent natural world. On behalf of all the distinguished members of the editorial board, I extend my welcome to this new journal and look forward to hearing from the interested contributors and learning about their valuable research.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Astrophysics Data System, INSPIRE, CAPlus / SciFinder, Inspec, and other databases.

Journal Rank: JCR - Q2 (*Astronomy and Astrophysics*) / CiteScore - Q2 (*General Physics and Astronomy*)
