Vaccination Strategies for Global Public Health

Guest Editors:

Dr. Mathumalar Fahrni

Faculty of Pharmacy, Universiti Teknologi MARA (UiTM), Puncak Alam, Malaysia

Dr. Antonio Ivan Lazzarino

Imperial College, London, UK

Deadline for manuscript submissions:

30 September 2025

Message from the Guest Editors

We are pleased to invite you to submit research articles and review articles examining current global trends in vaccination for emerging infectious diseases, including (but not limited to) mosquito-borne diseases, COVID-19, and human monkeypox surrounding the following themes:

- 1. Impact of health determinants on the success of vaccination programmes
- 2. Implementation and prioritisation strategies of vaccination programmes in low-income countries;
- Global equitable access to vaccines and measures to support global stockpile for rapid deployment during outbreaks;
- 4. The impact of emerging SARS-CoV-2 variants on vaccine efficacy, mortality, morbidity, and other clinical outcomes:
- 5. Role of vaccination to control a pandemic and to contain the spread of infectious diseases.

We look forward to receiving your contributions.

Message from the Editor-in-Chief

Vaccines (ISSN 2076-393X) has had a 6-year history of publishing peer-reviewed state of the art research that advances the knowledge of immunology in human disease protection. Immunotherapeutics, prophylactic vaccines, immunomodulators, adjuvants and the global differences in regulatory affairs are some of the highlights of the research published that have shaped global health. Our open access policy allows all researchers and interested parties to immediately scrutinize the rigorous evidence our publications have to offer. We are proud to present the work and perspectives of many to contribute to future decisions concerning human health.

Author Benefits

Open Access: free for readers, with <u>article processing charges (APC)</u> paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q1 (Immunology) / CiteScore - Q1 (Pharmacology (medical))
