Message from the Guest Editors

Dear Colleagues,

This Special Issue is titled “Virus Vaccines and Emerging Infectious Diseases”. We would like to invite original research articles, as well as reviews, on topics related to vaccine development, including vaccine discovery, novel vaccine delivery platform, vaccine safety, vaccine formulation, novel vaccine adjuvant, immunogenicity and vaccinology studies, immunological responses to vaccine targets, immune correlates of vaccine-induced host protection, and preclinical and clinical studies of vaccines.

Deadline for manuscript submissions:

31 January 2025

an Open Access Journal by MDPI

Editor-in-Chief

Diseases, College of Veterinary
Medicine, University of Georgia,
Athens, GA 30602-7387, USA

Message from the Editor-in-Chief

Vaccines (ISSN 2076-393X) has had a 6-year history of publishing peer-reviewed state of the art research that advances the knowledge of immunology in human disease protection. Immunotherapeutics, prophylactic vaccines, immunomodulators, adjuvants and the global differences in regulatory affairs are some of the highlights of the research published that have shaped global health. Our open access policy allows all researchers and interested parties to immediately scrutinize the rigorous evidence our publications have to offer. We are proud to present the work and perspectives of many to contribute to future decisions concerning human health.

Author Benefits

Open Access: free for readers, with **article processing charges (APC)** paid by authors or their institutions.

High Visibility: indexed within **Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPus / SciFinder, and other databases.**

Journal Rank: JCR - Q1 (Immunology) / CiteScore - Q1 (Pharmacology (medical))
