Message from the Guest Editors

In 2022, we will celebrate the 10th volume of the journal *Vaccines* (ISSN 2076-393X), and we would be happy if you join us on this wonderful occasion.

Vaccines is an international, peer-reviewed, quick-refereeing open access journal published online by MDPI, Basel, Switzerland. *Vaccines* is indexed by SCIE, PubMed (NLM), etc. The Impact Factor is 4.422, ranking 74/162 (Q2) in Immunology, 63/140 (Q2) in Medicine, Research & Experimental in Pharmacology in Web of Science. The inaugural issue was released in 2013 and in 2020 we published the 1000th paper. In 2021, we have achieved the goal to publish 1200 papers in one year. The development of *Vaccines* is rapid.

To mark this significant milestone, we are launching a Special Issue entitled “Vaccines: 10th Anniversary”. This Special Issue will include high-quality papers on topics within the broad scope of *Vaccines*. It is our pleasure to invite you to contribute an original research paper or a comprehensive review article on a trendy or hot topic for peer review and possible publication.

an Open Access Journal by MDPI

Editor-in-Chief

Diseases, College of Veterinary
Medicine, University of Georgia,
Athens, GA 30602-7387, USA

Message from the Editor-in-Chief

Vaccines (ISSN 2076-393X) has had a 6-year history of publishing peer-reviewed state of the art research that advances the knowledge of immunology in human disease protection. Immunotherapeutics, prophylactic vaccines, immunomodulators, adjuvants and the global differences in regulatory affairs are some of the highlights of the research published that have shaped global health. Our open access policy allows all researchers and interested parties to immediately scrutinize the rigorous evidence our publications have to offer. We are proud to present the work and perspectives of many to contribute to future decisions concerning human health.

Author Benefits

Open Access: free for readers, with **article processing charges (APC)** paid by authors or their institutions.
