Message from the Guest Editors

Dear Colleagues,

Avian reoviruses are important pathogens that cause considerable losses to the poultry industry. To date, the rapid progression in avian virus research worldwide has resulted in numerous achievements that have contributed to the development of innovative techniques and advanced approaches and the timely resolution of urgent issues. In this Special Issue, research articles, short communications, and review papers on all research aspects of avian orthoreoviruses are highly welcome.

Message from the Editor-in-Chief

You are invited to contribute a research article or a comprehensive review for consideration and publication in *Viruses* (ISSN 1999-4915). *Viruses* is published in open access format—research articles, reviews and other content are released on the internet immediately after acceptance. The scientific community and the general public have unlimited free access to the content as soon as it is published. As an open access journal, *Viruses* is supported by the authors or their institutes by payment of article processing charges (APC) for accepted papers. We would be pleased to welcome you as one of our authors.

Author Benefits

Open Access: free for readers, with **article processing charges (APC)** paid by authors or their institutions.

High Visibility: indexed within **Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Embase, PubAg, and other databases.**

Journal Rank: JCR - Q2 (Virology) / CiteScore - Q1 (Virology/Infectious Diseases)
