Department of Psychological and  
Brain Sciences, Indiana  
University, Bloomington, IN  
47405, USA

Deadline for manuscript  
submissions:

**closed (31 July 2021)**

### Message from the Guest Editor

Dear Colleagues,

We invite submissions for a Special Issue of *Vision* on “Motor Experience and Visual Recognition”.

Although a primary purpose of vision is to support effective motor interaction with the environment, we are far from understanding the complex interplay between visual and motor systems. This Special Issue seeks to present the latest research on how active, motoric interaction with the environment affects visual perception, recognition, and cognition. We are interested in relevant original articles, theoretical pieces and reviews that span the lifespan of both human and non-human primates, in neurotypical and neuroatypical populations, using a variety of experimental methods (behavioral and neuroimaging). Individuals unsure about whether a proposed submission is appropriate are invited to contact the Special Issue guest editor, Karin James.

## Editor-in-Chief

### **Prof. Dr. Andrew Parker**

Department of Physiology,  
Anatomy and Genetics, University  
of Oxford, Oxford OX1 3PT, UK

## Message from the Editor-in-Chief

Vision research has developed tremendously over the last years and has been well served by some of the available journals. We feel that a new journal, with no historical or societal affiliations, offers a chance for a broad interdisciplinary coverage and a means of highlighting the increasing number of interesting results and ideas. We are therefore convinced that the launch of a truly interdisciplinary journal in the area of vision science is worthwhile, timely and necessary. *Vision* is a journal for, and by, all vision scientists, committed to the advancement of their field of interest.

## Author Benefits

**Open Access:** free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

**High Visibility:** indexed within [Scopus](#), [PubMed](#), [PMC](#), and [other databases](#).

**Rapid Publication:** manuscripts are peer-reviewed and a first decision is provided to authors approximately 24.9 days after submission; acceptance to publication is undertaken in 4.6 days (median values for papers published in this journal in the first half of 2024).
